Dear Mr. Condon:

We will highly recommend TLC Plumbing to all our friends as a result of the excellent service provided by your company on August 29, 2006.

We had noticed the strong smell of gas in our house and had to turn the gas off at the meter. We called TLC Plumbing and they sent someone out immediately to give us an estimate of what needed to be done. The first estimate would have resulted in repipeing the entire house, because the house is very old. We knew we could not afford to have that done.

We called TLC Plumbing again and explained our problem. As a result of that phone call, Thad Condon, the owner of the company, came out to our house and was able to solve the problem by replacing a single valve.

We are truly impressed when the owner of the company takes a personal interest in our situation.

Thank you. May God bless your company.

Sincerely,

Don & Judy McDaniel
